Subject: Panelists... Kootenai Public Meeting Next Week
Attachments: 2019_Questions for Kootenai Public Meetings Final.pdf; Public Meeting_Nov13_Eureka.pdf; Public Meeting_Nov12_Libby.pdf

Dear Panelist,

Thank you for agreeing to participate in the public meetings next week in Libby and Eureka to discuss water quality in the Kootenai/Kootenay Basin. We previously sent the list of questions we will be covering on 10/23/19, but have attached them again here as a reminder. Attached are draft meeting agendas. We will start each evening with a brief overview presentation by MT DEQ to cover some of the basics, and then dig into the questions. With that in mind, we would really like to limit the use of power point presentations and stick to answering the questions. If you absolutely need a slide or two to get your point across, please use them sparingly.

There is also one other important change. **The public meeting in Eureka on Nov 13 will start at 6 pm. (NOT 5 pm as originally noted).**

A list of confirmed panel participants is shown below.

MT DEQ: Myla Kelly and Lauren Sullivan
BC Env: Sheldon Reddekopp and Jeanien Carmody-fallows
US EPA: Ayn Schmidt and Jason Gildea
CSKT: Erin Sexton and Rich Janssen
KTOI: Genny Hoyle
KNC: Heather McMahon (Indicated KNC participation is doubtful)
Teck: Carla Fraser and Meera Bawa

Please let us know if you have any further questions, and look forward to seeing you in Libby on Tuesday November 12th!

Best Regards,
Brian Sugden
Secretary-Treasurer, Kootenai River Network
